

OWN YOUR VISITOR EXPERIENCE AND CONTROL DELIVERIES WITH BRIVO VISITOR

BENEFITS

Automate the sign-in experience

to create a welcoming, secure and convenient first impression.

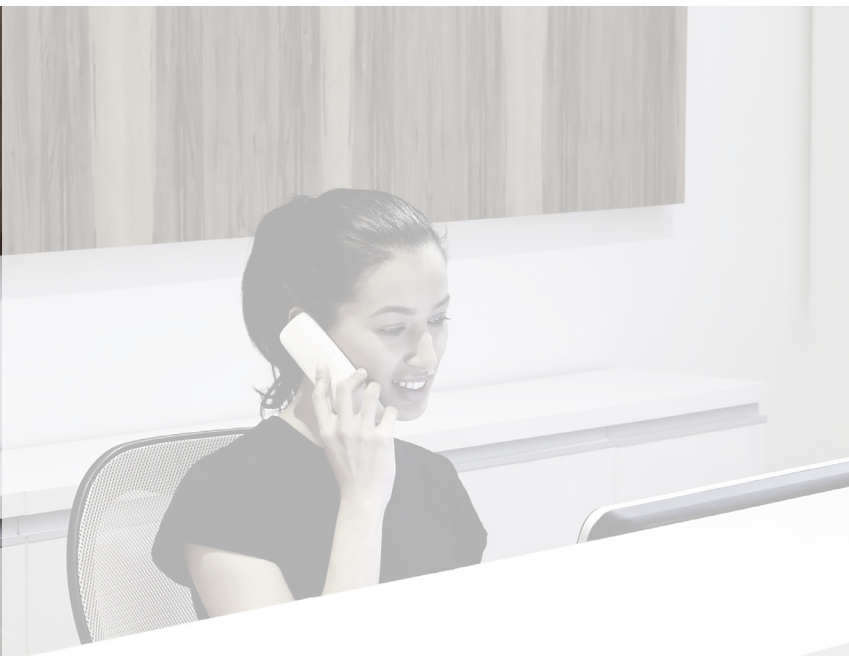

Simplify the process of notifying hosts when their visitors arrive

by integrating with Brivo Onair to retrieve host names and email addresses.

Control everything from the pages your visitors see to the reports that your admins generate

to keep your facility safe and better understand access events.

Brivo Visitor is an easy to use solution for visitors and deliveries that directly integrates with your Brivo Onair platform

Customize the Experience

Personalize three workflows

for visitor sign-in/out, delivery notification and help request.

Print visitor badges

that clearly display visitor identification.
